

Good afternoon Ashley,

We haven't met yet, but I am currently working in the Deep Dive Coding Bootcamp that Jully is also taking. When I told her that I was interested in working for Descartes Lab, she mentioned that she knew you recently started working there.

Can we set up a time where I can take you out for coffee? I would love to meet you and hear anything you can share about you experience at Descartes. The science data aspect seems really interesting, especially in regards to machine learning, and Descartes seems to be doing some cool things.

Thank you for reading this and I hope we can meet soon!

Yvette Johnson-Rodgers
